Foundation Business Enterprises, LLC (FBE, LLC) announces completion of the Airport Art Programs display cases

Hartsfield-Jackson Atlanta International Airport

Atlanta GA: FBE, LLC has partnered with Malone Design Fabrication and Manhattan Construction to create a beautiful addition to E terminal and T terminal gates at Hartsfield-Jackson International Airport.

On FBE, LLC's most recent completed project, Superintendent Austin Papaik says: "We had a lot of fun working with Malone Design Fabrication and Manhattan Construction on the Airport Art Programs display cases. Working at the airport comes with its own obstacles, but with careful planning and teamwork, we were able to deliver a beautiful product to the client!"

The beautifully constructed, lit cases will allow artists to showcase their art completed by the Art Programs in the concourses, viewable to the average of 250,000 passengers that pass through the airport daily. – source: <https://www.knowatlanta.com/atlanta-airport-hartsfield-jackson-international/airport/>
